

1. Cut out all rulers

2. Join rulers by sticking on the blue dotted square

3. Rulers will overlap in alignment with the numbers

Use this as a measurement tool for your head circumference. Please take into consideration how you are planning to wear your hair on graduation day. Allow for this in the measurement. Measure the circumference of your head above your ears. If your measurement shows that you are on the borderline between two sizes, it is best to pick the larger of the two.
